

UNION-NORTH UNITED SCHOOL CORPORATION

Office of the Superintendent

Thursday, September 2, 2021

Press Release to Union North United School Community:

Union North United School District will be implementing the Governor's Executive Order that was issued yesterday. Therefore, beginning on Tuesday, September 7, all students and staff will be required to wear masks while in LaVille Schools. By doing this, we will no longer need to quarantine students, teachers and staff who are close contacts and aren't showing symptoms of COVID-19.

However, schools will need to continue to contact trace by notifying the Marshall and Saint Joseph County Health Departments as well as parents, teachers and staff who were in close contact.

Thank you to everyone for your adherence to these new guidelines. We believe that this will allow us to keep more students in school every day, which is always our goal.

Karman Eash
Board President

Diane Woodworth
Interim Superintendent
