

Message From The Principal

Welcome back from Spring Break 2022! Even though we have faced much adversity during this school year I truly believe as a community we have become stronger because of everything we have had to endure this year. At times it has felt like riding on a roller coaster with the different mask mandates and different Covid-19 protocols we have had to deal with. As a school, we have tried our best to keep all of our students safe and to promote a high level of education for every single student in attendance.

After a week away from school for Spring Break I am renewed and ready to finish the school year off on a strong note. As a school, we will continue to strive to do the best possible job we can with whatever situations we face. We will also strive to challenge students to become lifelong learners while building positive relationships with them, as well as parents and fellow community members. I am very appreciative of the support we continually receive from parents and community members. It is a joy to have the opportunity to come to school each day and be around such high quality students and staff members. I am truly blessed to daily work with great individuals.

We will continue to commit to doing the best possible job to ensure that our students are equipped to be productive members of our society. We want every student that attends LaVille Jr-Sr High School to experience success. We will work every day to make sure this becomes a reality for all students.

Thanks for your continued support!

Mr. Michael Edison
